TECHNICAL INFORMATION

Gabriel Vega Hoffmann

GAVEHO@GMAIL.COM

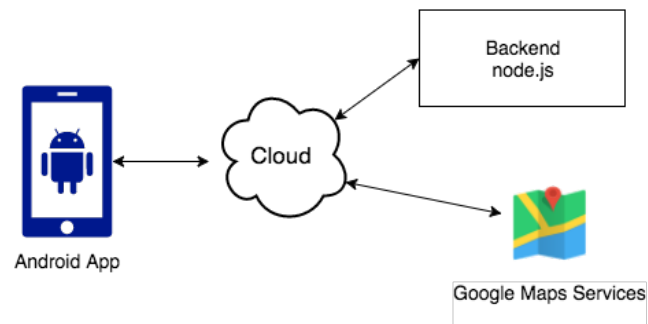

1. Technologies used

- a. Java 8
- b. Android SDK (with Jack for Java 8 support)
- c. Google Maps Android API
- d. Node.js

2. Architecture

- a. I made an Android app that connects to a backend made with node.js. The app use the Google Maps Android API so it makes call to Google Play Services.
